

CULTURA
MANOR
HOTEL

Impeccable attention to detail and unparalleled uniqueness are what you'll experience from the moment you arrive to Cultura Manor. The Manor won the architectural prize of 1933, named Best Touristic Project of the city of Quito in 2015, and today, as a Luxury Hotel features 8 wonderful suites, a top end restaurant and bar, an exclusive terrace lounge and SPA, a mature garden with an infinity pool, all within an ambiance of refined luxury that blends Quito and Florence schools of arts.

LIBRARY

In the wood-panelled library you can relax in the comfortable leather armchairs, glass of wine in hand, basking in the warmth of the crackling wood fire. The library is replete with a collection of books, art and antiques for you to enjoy.

Renaissance Suites

Our top end suites have been designed using The Renaissance as inspiration; we can say that you are living inside a Botticelli. With 90 m2 and up to date technologies our Renaissance suites are wonderful in every aspect.

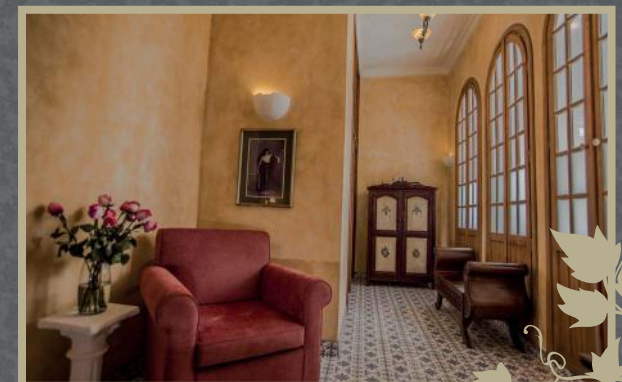

Historical Suites

Our historic suites have been designed using the abundant space of the Manor's terraces and balconies to create a grandiose and cozy ambiance to this impeccable suite.

Roof garden & Spa

Escaping our daily buzzing life to relax in the spring-like weather of the beautiful city of Quito in Cultura Manor roof garden terrace, is the perfect way to enjoy fully your holidays. Within this magnificent space you are indulged and pampered in our beautiful SPA, then “Privilege” is the word that describes best this part of your visit.

RESTAURANT

Our restaurant is famous for our homemade breads, unique breakfast and original recipes within the slow cooking process are prepared daily using organic and free range products, presenting a unique culinary proposal to our well travelled guests.

ART WORK

During the last two and half decades Cultura Manor's owner has been collecting original art from all over the world, which is currently displayed through the different areas within the Hotel, enhancing its originality and charm.
